

SPECIAL REQUEST FOR PEAR PROPOSALS: WA State Pear Reserve Funds

AIM: We seek proposals that address a long-term pear need, with a capital expenditure component, to disburse WA pear research reserve funds held by the WTFRC. We will not support ongoing/recurring budgets for maintenance and/or management. Requests need to consider covering those expenses through other means.

SCOPE:

- Requests must demonstrate a benefit to WA pear growers from whom the funds were assessed.
- Requests should focus on capital expenditures such as equipment, facilities, or products which:
 - o Support/augment ongoing pear projects.
 - o Help multiple pear-related programs.
 - o Benefit pear interests for many years.

RFP Submission Deadline: August 1, 2024

Detailed instructions for preproposal submissions may be found at:

<https://treefruitresearch.org/proposal-process-instructions-and-documents/pre-proposal/instructions/>

Preproposals should be submitted to: submit@treefruitresearch.com
